

ELECTRA-START N.W., INC.
13701 24TH ST E UNIT F2
SUMNER, WA 98390

Since 1986, Electra-Start NW has been a leading, national provider of jump starters and offers a wide range of industrial battery boosters to meet the needs of various industries and commercial applications. Our state-of-the-art technology and advanced processes allow us to deliver high-quality, reliable, and durable products that help keep our customers' operations running smoothly.

Our industrial battery boosters are designed to provide a quick and efficient source of power for heavy-duty equipment and vehicles. They are engineered to withstand tough conditions and equipped with advanced safety features for the safety of operators and equipment.

We understand that every customer has unique requirements, which is why we, as the manufacturer, offer customization options to meet each customer's specific needs. Whether you need a battery booster for your fleet of vehicles, heavy equipment, or emergency backup power, we can craft the right solution for you.

As a minority owned company, Electra-Start NW is committed to delivering the best products and services to our customers. Our dedicated team of experts works closely with each customer to understand their needs and provide customized solutions that meet their specific requirements. All of our ES product line is manufactured and assembled in the United States.
