3479 NW Yeon Ave., Portland OR 97210

LED Trail is a Portland, OR based manufacturer and distributor of commercial and industrial LED lighting products and supplies, along with Electric Vehicle Charging Stations, Installation, and Supplies. Our product offering of over 1,000 SKUs help many businesses and organizations use less energy, save money and substantially reduce their carbon footprint while meeting their expanding electric vehicle charging needs. LED Trail is driving down the cost of new technologies to be competitive with conventional technologies currently in use while maintaining the kind of quality and reliability required on commercial and industrial projects.

As a nationally certified Minority Business Enterprise under the Northwest Mountain Minority Supplier Development Council (NW04865) and a State of Washington Minority Business Enterprise (M3M0027467), LED Trail is committed to excellence and providing innovative and reliable lighting solutions for our Local, State and Federal clients. We also completed Nike's Academy for Diverse Business Suppliers in 2022, and are positioned well to support Fortune 100 companies in their diverse procurement goals.

Core Capabilities

LED Trail's ability to deliver custom lighting designs and solutions for our clients sets us apart from the competition. In addition to these design capabilities, our standard line of commercial/industrial lighting products boast a wide array of fixtures and retrofit solutions to fit any application. Our extensive project history in energy efficiency and energy management have helped us stay on the leading edge of the development of electric vehicle charging technology as well, and our deep knowledge and history in business finance and energy financing help us tailor each project to our clients' specific capital needs in any situation.

Our certified experts work closely with clients and contractors during pre-construction design, and our manufacturing partnerships allow us to customize the products we deliver to customer specifications efficiently and reliably.

Notable Corporate and Government clients:

- Lowe's Inc.
- BMW
- Ace Hardware
- TEC Equipment
- Bigge Crane & Rigging
- City of Portland
- City of Lake Oswego
- City of Sunnyvale
- Oregon Health & Science University
- College of the Redwoods
